

## Oak Openings Region Curriculum Project PORTFOLIO GUIDELINES

*Modified from the Need Project and Ohio Energy Project*

As you work through the Oak Opening lessons of your choice we recommend keeping a digital or paper file in which you store all of the activities, work samples, photos and assessments/feedback documents. Use these items to help create your slideshow in Google Slides or PowerPoint. Your slideshow must be able to be saved as a PDF, to be uploaded and emailed to Ashlee Decker- Green Ribbon Initiative Partnership Specialist- The Nature Conservancy. [ashlee.decker@tnc.org](mailto:ashlee.decker@tnc.org).

### Portfolio Requirements:

- Total Slides 8-16 Slides
- Slide One- Must contain Title of Lesson Plan, School Name, Teacher
- Slide Two- Must describe the Goals/Objectives of the lesson
- At least 5 and up to 13 slides containing, but not limited to, images\* of students engaged in the Oak Openings activities, students comments/statements, student work samples, administration feedback or commentary
- Final slide/s- should contain commentary and/or data about student assessment and achievement (suggested assessment techniques in lesson plans).

\* Make sure to check with your school's policy for the use of students images and/or names in your Portfolio as this work will be shared with the public.

DUE DATE: February 28, 2022
