

*Release the
Trees!*

STEWARDSHIP DAY

SATURDAY · APRIL 23 · 10:00AM - 1:00PM

Thank you for participating in the Wild Ones' Stewardship Day with Black Swamp Conservancy as we remove tree tubes from an established planting on a restoration site located at Forrest Woods Nature Preserve!

Please bring work gloves and scissors, pruning shears, or a similar tool that will safely slice the plastic tubes without damaging the trees. Also in April, it's best to wear sturdy waterproof boots or muck boots.

The address below works in Google Maps and other navigation apps to get you right to the gravel parking lot where Freya Berntson, the Conservancy's Land Steward, will meet you.

Forrest Woods Nature Preserve
17750 C-73
Cecil OH 45821

Call (419) 833-1025 or email fberntson@blackswamp.org for more information.
